A Snapshot look at local businesses

Name: Jason Raddenbach

Title: North American Manufacturer Rep for The Chimney Balloon

Business Name: Chimney Balloon: The Fireplace Chimney Plug

Address: The Chimney Balloon USA call center and order fulfillment is Janesville-based.

Phone: 608-467-0229 for orders or product questions

Website: www.chimneyballoon.us

Business Hours: 8am-4pm M-F

Business Started: The Chimney Balloon was first released in England in 1990 and is a household name in the UK. In 2005 the Chimney Balloon was introduced in the USA, Canada, Australia, and New Zealand.

Product: The Chimney Balloon is a reusable air-tight fireplace chimney plug that stops cold drafts from entering your home through the fireplace. The fireplace is an often overlooked source of heat loss in the home since the fireplace damper is up the chimney and out of sight. The Chimney Balloon stops heat loss through the fireplace damper by plugging and sealing your chimney tighter than a metal damper can. It is a draft stopper that saves you money, heat, and comfort.

Who can use a Chimney Balloon?: The Chimney Balloon is a useful energy saver for anyone with a wood burning or gas log fireplace. It is available in 10 standard sizes and hundreds of custom-size combinations, so it can fit all fireplace configurations.

How we are different: The Chimney Balloon is less expensive and more effective than metal fireplace dampers at sealing out cold air and chimney odor. Traditional metal chimney dampers stay in the fireplace and are exposed to extreme heat which corrodes and warps the metal. The Chimney Balloon is removable and reusable and seals the fireplace chimney tightly.

Where can I buy a Chimney Balloon?: Chimney Balloons can be purchased at the website and through various other online fireplace retailers. It is available locally through full service home energy audit service providers like Janesville Insulation.
