I just opened this store, but I've done craft shows for many years.

Describe your products/services: Pillows, Throws, Baby Quilts, Seasonal ornaments both outdoor and indoor, Embroidered Bath Towels, healing crystals jewelry, just to mention a few, many new items are being added weekly.

Do you have a favorite saying that applies to your business? When my customer's smile, so do I!

How did you get interested and/or started in this business? I have always wanted to open my own store, so this is my dream come true. As a little girl I watched my mom sew and make clothes for us, she taught me how to sew and I enjoy the excitement my family members have shown when I have made them something, I get that same enjoyment from my customers.

What are your future plans for your business? To grow from my small shop and open one or two more shops around this area.

What do you do that differentiates you from your competitors? Everything in my store is hand crafted by either myself or one of my consignee's. I do not carry any items that are professionally manufactured. Everything I carry is made right here locally, so if you see something you would like, but want it designed differently, we take orders.

What do you find most rewarding about this type of work? The exclamation of joy my customer shows when they find that unique gift, they have been searching for!

What have been some of the challenges you've faced and how did you work them out? Preparing for the grand opening, getting all my products made. I continued to work on my products and steadily worked on preparing the store for the grand opening.

What have you learned from this business? In order to produce my products, I've had to learn patience.

What kind of training or background do you have? Retail, craft shows, customer service, worked for others making dolls, quilts, and comforters.

What or who has had the most influence in the way you do business? Family and friends

What type of customers uses your products/services? All types, I have products for everyone. Come on in and browse around, I'm sure you'll find something that you like.
